Jen,
Here are drafts. Jesse is on leave and sent Region 8 management drafts for their input. I will route for concurrence in his absence.

Looking forward to HQ's input.

We are very close to being able to route for RA signature once we receive your input.
Linda

Hi, Steve and Linda –

I hate to be a pest, but just checking in on when we'll get the draft responsiveness summary and NOD for this site. The pressure is on to move things across the finish line. OLEM is lining up Doug Benevento to start calling RA offices on deletions and we'd prefer wrap this one up rather than put it on his radar.

Hi Jen – I met yesterday with the RPM, Jesse Aviles, and we resolved the few outstanding issues regarding the partial deletion. He met with the toxicologist last week after she returned from vacation, and he was finishing up the responsiveness summary today.

We have our Regional Superfund Managers Meeting today and tomorrow, so it likely will be early next week when we send the document to Chuck for his review.

Let me know if you need anything else.

Thanks,
Steve
